

PHILMONT SCOUT RANCH

COVID-19 Update: 6/30/2021

6/30/2021

Beginning July 1, the State of New Mexico will lift all pandemic-related occupancy restrictions on all forms of commercial activity and all businesses across the state may once again operate at 100 percent of maximum capacity.

Although this is a change to the public health order, the overnight youth camp policies for the State of New Mexico remain in effect at Philmont and for all camps in the State of New Mexico. This will continue to ensure the health and safety of all our participants and staff.

Proof of vaccination or proof of a negative test result taken within 7 days of arrival is still a requirement. Masking, social distancing and cohorting while in base camp including the Philmont Training Center and Family Adventure Camp is still the protocol. The backcountry policy is still in effect which requires masks when around other crews (cohorts), staff or at a backcountry campfire but not while on the trail or in campsite with your crew (cohort).

Philmont has made the following modifications:

- Chapel services at 7PM – A Crew can split into denominational cohorts to attend the service of their choice – mask required.
- Opening campfire one session at 8:30 PM – sit with crew and ranger– masks required.
- Closing campfire one session at 8:30 PM -sit with crew– masks required.
- Tooth of Time Traders and National Scouting Museum - full occupancy – masks required.
