As the lead-up to the Eagle Scout Honor Builders program, the National Eagle Scout Association (NESA) offers a training program for prospective Honor Builder candidates. This program is designed to provide the knowledge, skills, and resources needed to effectively lead Eagle Scout candidates through the process of building their Scouting legacy. The program covers topics such as the history of Eagle Scout Honor Builders, the role of the Honor Builder, and the steps involved in the building process. Participants will also have the opportunity to network with other Honor Builder candidates and share best practices. By attending this program, you will be better equipped to support your Eagle Scout candidates and contribute to the Scouting movement as an Honor Builder.
